The Client is entitled to ask the remuneration only if:

21.28.1. the requirements of Clauses 4.42., 21.1., 21.15., 21.27. and other clauses of the Terms and Conditions are met by the Client and the Cardholder;

21.28.2. the Client and the Cardholder has not acted negligently or illegally.

21.30. The Card can be closed on the initiative of the Bank or upon the receipt of the Order. The Bank within 5 Working Days reviews and takes a decision on the execution of the *Order on Payment Card and Card Account Closure*. The Card Account is closed no earlier than on the 10th day after the Card closure if the Card Account balance is equal to zero. The Card Account is closed no earlier than on the 30th day after the Card is closed if the Card Account contains funds reserved as a result of the Card Transaction authorization, for which, according to Visa regulations, a longer transaction confirmation period is provided. Upon closure of the Card Account, the remaining security deposit (if any) is transferred to the Current Account by the Bank. The Bank is entitled to repay the Debit Balance by writing off cash funds from any Client's account with the Bank. The Bank transfers the Credit Balance on the Card Account to:

21.30.3. other Account that has been agreed by the Bank.

The Bank is entitled to withhold the Remuneration from any Client's any account in the Bank if cash funds available on the Card Account are insufficient to pay the Remuneration. If as a result of withholding the Remuneration the Overlimit Debit Balance occurs, the Client is obligated to cover it according to the Terms and Conditions.

21.32. To cover the Overlimit Debit Balance or Credit Limit, the Bank is entitled to unilaterally, without a prior notice and approval of the Client:

21.34. Considering the claims on the Card Transactions, the terms defined in regulations of the international payment system Visa are taken into account by the Parties, and they may amount to 180 days. The disputed sums of the Card Transactions are refunded to the Client only after receiving a respective decision from the Visa institution.

Automatic Replenishment

21.35. The Bank ensures a possibility of the regular Card Account replenishment with the cash funds from the Current Account. The Bank automatically replenishes the Card Account according to the payment term, periodicity and the amount specified by the *Order for the Regular Replenishment of the Card Account*.

21.36. The Bank reviews and takes a decision on the execution of the *Order for the Regular Replenishment of the Card Account* within 5 Working Days after the receipt of the Order.

21.37.1. up to the full repayment of the Debit Balance;

21.37.2. by fixed amount (the Card Account replenishment with cash, non-cash transfers to the Cash Account and returned Card Transactions and taxes are not included in the calculation of the amount);

21.37.3. up to the fixed amount (taking into account the Credit Balance on Card Account or the Available Balance; either taking or not taking into account the Credit Limit and the amounts earmarked for the Card Transactions).

21.38. The Card Account automatic replenishment is made in the Card Account currency. The Bank does not convert other currencies on the Current Account in order to make an automatic replenishment.

21.39. If on the moment of the Card Account automatic replenishment the cash funds available on the Current Account are insufficient to make the automatic replenishment, the Bank is entitled:

21.39.1. not to make the Card Account automatic replenishment;

21.39.2. to make it in the amount of the Available Balance of the cash funds on the Current Account. In such a case, the Bank shall continue to transfer funds from the Current Account to the Card Account until:

21.39.2.1. the amount reaches the intended automatic replenishment payment amount;

21.39.2.2. the beginning of the next automatic replenishment period.

21.43.1. the respective Order on cancellation;

21.43.2. *Order on the Payment Card and Card Account Closure*.

Security Deposit

21.44. The Bank stipulates the cases when the Client has to provide a security deposit to receive the Card and/or the Credit Limit. The security deposit secures the fulfilment of the Bank's claims to the Client. The Client hands it to the Bank as a part of the Assets which form the Financial Collateral (for the purposes of the Financial Collateral Law of the Republic of Latvia (*Finanšu nodrošinājuma likums*)). The amount, maturity and other conditions of the security deposit are determined by the Bank.

21.45. The term of the security deposit has to exceed the validity term of the Card or the Credit Limit for at least 10 days. The term of the security deposit is prolonged automatically in any of the following cases:

21.45.1. after the expiry of the Credit Limit the Card is renewed;

21.45.2. the Client prolongs the term of the Credit Limit.

21.46. The Bank returns the security deposit no earlier than after 10 days if the Bank makes a decision to change the collateral for the Card or the Credit Limit by cancelling the security deposit.

21.47. The Bank is entitled to close the Cards and annul or change the Credit Limit if the operation of the security deposit is terminated on the Client's initiative.

21.48. The Client is not entitled to get back the security deposit before the fulfilment of all his/her obligations towards the Bank that have arisen as a result of the use of the Card and the Credit Limit.

21.49. After the expiry of the security deposit, the Bank transfers the amount of the security deposit to the Current Account. The Client may ask the Bank to transfer the security deposit to any other Card Account. Before transferring the security deposit, the Bank withholds from the

Client's accounts the sum of cash funds necessary for covering the Client's obligations towards the Bank. The Bank is entitled to fully or partially cover the Client's obligations towards the Bank unilaterally without informing the Client and without taking any further steps by writing off the security deposit or its part in favour of the Bank. If the security deposit is insufficient to fulfil the Client's obligations towards the Bank, the Bank is entitled to write off from any other Client's accounts with the Bank and/or sell Financial Instruments serving as Financial Collateral and transfer the received cash funds to cover the Client's obligations towards the Bank. The Bank performs the currency exchange of the cash funds in accordance with the Bank's currency exchange rate on the date of discharge of the Client's obligations in case the security deposit currency differs from the currency of discharging the obligations of the Client towards the Bank.

Provisions of Credit Limit

21.50. The Bank provides the Client with an opportunity to obtain the Credit Limit for making the Card Transactions. The Client shall repay the Bank an amount of the used Credit Limit and pays the Remuneration in the order stipulated by the Terms and Conditions and the Tariffs.

21.51. The Bank grants the Credit Limit unilaterally at its own discretion, in the amount specified in the Order. The Bank is entitled to fix the smaller Credit Limit amount or refuse the Credit Limit granting. The Bank is not obliged to explain the reasons for its decision to the Client.

21.52. The Bank provides the Client with an opportunity to start using the Credit Limit within 5 Working Days starting from the date when all following preconditions have been met:

21.52.1. the Client has provided the Order and the Bank has made a decision on the granting of Credit Limit;

21.52.2. the security stated in Clause 21.58 hereof is filed in favour of the Bank.

21.59. The Interest on Use of Credit Limit is calculated taking into account the following:

21.59.1. the Interest on Use of Credit Limit is calculated starting from the date when the Client starts to use the Credit Limit until the date when the used Credit Limit amount is repaid to the

Bank in full. The Interest is calculated each day from the used and unpaid Credit Limit amount in accordance with the Card Account balance at the end of a particular day;

21.59.2. the Bank debits the calculated Interest on Use of Credit Limit from the Card Account on the last day of a calendar month. If the cash funds on the Card Account are not sufficient to pay the Interest, the Bank reduces the available amount of the Credit Limit by the amount of the Interest due at the moment of the payment. If the Credit Limit is used in full, the Bank increases the Overlimit Debit Balance for an amount of the Interest;

21.59.3. for the purpose of calculation of the Interest on Use of Credit Limit, it is assumed that there are 360 days in a year, and the actual number of days in a month.

21.65. The Client is entitled to use the Credit Limit repeatedly during its validity period if the Credit Limit is repaid after it was used.

21.66. The Client is entitled to execute his/her obligations to the Bank regarding the Credit Limit at any time. The Client shall notify the Bank about the early fulfilment of the obligations in advance in writing. The Bank does not charge the commission fee for the fulfilment of obligations.

21.67. Payment of interest for the Overlimit Debit Balance does not release the Client from fulfilment of the other overdue liabilities.

21.68. When calculating the annual interest rate, the Bank complies with the Regulations Regarding Consumer Credit No. 691 (*Noteikumi par patērētāja kredītēšanu*) of the Cabinet of Ministers as of October 25, 2016.

21.72. The Bank is entitled to change the individually set Interest on Use of Credit Limit specified in the respective Order to the standard Interest on Use of Credit Limit in accordance with the Tariffs. The Bank is entitled to make this change in case of changing the security provided to the Bank in accordance with Clause 21.58 of the Terms and Conditions. The Bank makes this change unilaterally and without informing the Client about it in advance.

21.73. The Bank is entitled to unilaterally change the Interest on Use of Credit Limit. The Bank publishes information on changes in the Interest on Use of Credit Limit according to the procedure prescribed in the Terms and Conditions. 27.15. The Client has the following obligations:

27.15.1. independently ensure compliance with the foreign laws and regulations that require reports on the Transactions with Financial Instruments to be submitted or stipulate a specific procedure for execution of those transactions;

27.15.2. inform the Bank in writing about the requirements of the foreign laws and regulations prior to submitting the Order where such laws and regulations require actions by the Bank.

27.16. The Financial Instruments owned by the Bank's clients are not used by the Bank to perform its own transactions.

28. Transactions with Derivative Financial Instruments

28.1. This Sub-section is applied, if the Client has expressed his/her willingness to perform transactions related to the derivative Financial Instruments, such as: options, futures contracts, forward contracts and other derivative Financial Instruments.

28.2. Carrying out transactions with the derivative Financial Instruments, the Client undertakes to ensure the necessary Initial Margin and the amount of the Remuneration on the Cash Account. The amount of the Initial Margin is defined by the regulated market, the Counterparty or the Bank. The Client must inquire the amount of the Initial Margin individually in the Bank on the day of transaction with the Derivative Financial Instruments. Due to the specific features of some of the Derivative Financial Instruments, as well as places of execution of the Orders, the actual amount of the Initial Margin can be defined and approved for the Client in 2 Working Days from the moment of concluding the corresponding deal.

28.3. The Bank is entitled to unilaterally alter the amount of the Initial Margin by notifying the Client thereof 1 Working Day before the new conditions come into effect. If the amount of the Initial Margin changes due to corresponding changes on the particular regulated market or decisions of the Counterparty, the Bank is not obligated to report it to the Client in advance, and such changes come into effect immediately. The Client has to keep track of changes on the regulated market individually.

28.4. The Bank is entitled to refuse to perform transactions with the derivative Financial Instruments for the Client without specifying a reason.

28.5. If due to change of the price of the derivative Financial Instruments and/or change of the market price of the Investment Assets that serve as the Financial Collateral for a transaction with derivative Financial Instruments the minimum level of loan-to-collateral ratio set by the Bank is reached, the Margin Call situation emerges for the Client.

28.6. The Bank is entitled but not required to inform the Client about the Margin Call situation. The Client has to individually keep track of the market situation and in case of the Margin Call deposit additional cash funds to meet the Initial Margin or to sell the Financial Instrument, thus closing the position of the derivative Financial Instrument. The Client undertakes to agree with the Bank on activities specified in this Clause of the Terms and Conditions.

28.7. If the Client fails to contact the Bank during the day that the Margin Call situation is registered, the Bank is entitled but not required to do the following without additional notifying the Client thereof:

28.7.1. to close the position of the derivative Financial Instrument by a complete or partial selling of the Financial Instrument and to use the proceeds first and foremost to cover the Bank's Losses and the Penalty, if such were calculated by the Bank or

28.7.2. to bring the Initial Margin against the derivative Financial Instrument to the required level from the cash funds available in the Client's any accounts with the Bank.

28.8. In case of the Margin Call situation and if the Client fails to fulfil his/her obligations, the Bank is entitled to close the position at any time without notifying the Client. The Bank is entitled, at its discretion and without prior approval by the Client, to decide which of the Financial Instruments and in which order should be sold.

28.9. The Client is liable to the Bank for the repayment of any losses, including accidental losses resulting from force majeure circumstances which may arise as a result of transactions with the derivative Financial Instruments, and assumes all risks related thereto. No circumstances, including force majeure, cancel, can cancel or suspend these obligations of the Client.

28.10. In the event the Client performs the transactions with options or other analogous derivative Financial Instruments (incl. stock options, ETF options, futures options), the Client undertakes to liquidate (close) any long and/or short position of such Financial Instrument before the last day of trading this instrument before its expiration, if there are insufficient cash funds on the Brokerage Accounts or other Assets approved by the Bank to ensure the delivery/discharge in case of expiry of this Financial Instrument of the Client. If the Client fails to liquidate (close) such position before the last day of trading this Financial Instrument before its expiry and the Bank unilaterally at its own discretion determines that the Client fails to have a sufficient amount of the Assets on the Brokerage Accounts to ensure the delivery/discharge of such Financial Instrument, and the Bank is entitled, but not obliged to unilaterally without prior authorisation, to take any or all of the following actions:

28.10.1. forcibly partially or fully sell the Client's Financial Instruments before expiry thereof;
28.10.2. allow full or partial execution of the Client's Financial Instruments and then partially or fully sell the Assets received from the execution;
28.10.3. allow partial or full expiry (termination) of the rights arising out of the Client's Financial Instruments, furthermore, the Bank shall not bear any liability towards the Client in this respect. If the Client violates his/her obligations specified in this Clause, the Client is obliged to remunerate the Bank's Losses, if any.

28.11. In the event the Client performs transactions with options for goods and raw materials, except for the contracts that are settled exclusively in cash funds, the Client acknowledges his/her consent that such Financial Instruments are not deliverable and shall be settled by the Client by offsetting claims. If the Client has failed to discharge such Financial Instrument by offsetting claims before the last day of trading this Financial Instrument before the date of settlement, the Bank is entitled, but not obliged to, unilaterally without prior authorisation, to take any or all of the following actions:

28.11.1. forcibly sell such Financial Instrument by offsetting claims;
28.11.2. forcibly sell the Financial Instruments acquired as a result of expiry of the derived Financial Instrument, furthermore, the Bank shall not bear any liability towards the Client in this respect. If the Client violates his/her obligations specified in this Clause, the Client is obliged to remunerate the Bank's Losses, if any.

28.12. In the event that the Client performs transactions with futures contracts, except for the contracts the payments under which are made exclusively in cash funds (but not by physical delivery of currency), the Client confirms his/her consent that no delivery of the underlying goods under this contract is made. The Client undertakes to postpone/replace the previously opened position by a new position with a longer deadline for execution or to liquidate the position by offsetting claims, no later than 5 Working Days before sending of the first notice of intention to deliver under the futures contract in accordance with one or the other stock exchange in the event of long position or before the last day of trading this instrument on one or another stock exchange in case of a short position. If the Client fails to carry out such actions with derivative Financial Instruments within the specified period, the Bank is entitled, but not obliged to, unilaterally without prior authorization to forcibly liquidate (close) this position, however, the Bank shall bear no responsibility towards the Client in this respect. If the Client violates his/her obligations specified in this Clause, the Client is obliged to reimburse for the Bank's Losses, if any.

28.13. In order to enter into the Derivative Exchange Transaction the Client undertakes to ensure the Initial Margin on the Initial Margin Account in the amount specified by the Bank.

28.14. Minimal amount of the Derivative Exchange Transaction is EUR 5 000 or an equivalent amount in other currency.

28.15. If market value of the Derivative Exchange Transaction is changed in a way that absolute value of the current loss is equal to or greater than the difference between the Initial Margin and the Maintenance Margin Requirement, the Bank notifies the Client about the Margin Call situation. Notification of the Client about the changes in a market value of the Derivative Exchange Transaction is the right and not the obligation of the Bank. The Client undertakes to independently monitor the market value of the Derivative Exchange Transaction. In case of the reduction of market value of the Derivative Exchange Transaction to the level of the Margin Call situation, the Client is obliged to replenish the Initial Margin Account to the level of the Initial Margin.

28.16. In the event of the occurrence of current losses, the absolute value of which amounts to 70% or more of the Initial Margin, the Bank is entitled to close the position of Derivative Exchange Transaction without notifying the Client.

28.16.1. If the amount of funds received from the sale of Derivative Exchange Transaction and the balance on the Initial Margin Account do not allow to cover the Bank's Losses, the Bank is entitled to cover the Bank's Losses by writing off other Assets.

28.17. The Bank confirms that the OTC Derivative Exchange Transaction is concluded by the Client via the Internet Bank. If the Client, having received the confirmation of the OTC Derivative Exchange Transaction within 1 Working day from the date of receipt of the confirmation by the Bank failed to submit his/her objections, it is considered that the Client has agreed to the confirmation and conditions of the transaction sent by the Bank.

28.17.1. The Bank assigns a unique transaction identifier (UTI) and informs the Client in the confirmation that the OTC Derivative Exchange Transaction is concluded.

28.17.2. The Client is not entitled to refuse from the Derivative Exchange Transaction, if the Client has submitted an Order for the Derivative Exchange Transaction and the Bank has accepted it for execution.

28.18. The Bank provides to the Client information on the evaluation of outstanding OTC Derivative Exchange Transactions in accordance with requirements of EMIR. Failure by the Client to submit any objections within 5 days in respect of the information received is considered that the Client has approved and confirmed the evaluation sent by the Bank.

29. Margin Loans

29.1. This Sub-Section is applied, if the Client has expressed his/her willingness to receive the Margin Loan against the Financial Collateral of the Investment Assets.

29.2. Based on the Client's Order, the Bank is entitled but is not obliged to provide the Margin Loan to the Client against the Financial Collateral of the Investment Assets.

29.3. The period, amount and interest rate applicable to the Margin Loan and other conditions of the Margin Loan are reflected in the Client's duly drawn up Order.

29.4. Standard margin criteria, namely, the ratio of the loan and the collateral, as well as the value at which the Margin Call or Stop Loss occurs, are reported to the Client on the website of the Bank www.rietumu.com. If the Bank approves the individual margin criteria to the Client, the Bank personally informs the Client about such individual criteria in respect of whom such parameters are set.

29.5. The Bank is entitled to unilaterally alter conditions including margin criteria of the Margin Loan by notifying the Client 1 Working Day before the new conditions come into effect. The Bank at its own discretion is entitled to terminate the Margin Loan to the Client and to demand the repayment at any time in accordance with Clause 29.6 hereof.

29.6. If the Margin Loan is terminated or its conditions are altered so that the Client is required to fully or partially refund the amount of the Margin Loan, the Bank notifies the Client thereof at least 1 Working Day before the expiry date of the Margin Loan or before the new conditions come into effect. The Client has to reimburse to the Bank the required amount of the Margin Loan with

accumulated interests and pay the Penalty if any has been assessed by the Bank no later than on the day of the expiry of the Margin Loan.

29.7. If the market value of the Investment Assets used as the Financial Collateral decreases and is insufficient to meet the level defined by the Bank in accordance with loan-to-collateral ratios established in the Bank, the Margin Call situation emerges.

29.8. The Bank is entitled but not obliged to inform the Client about the Margin Call situation. The Client has to individually keep track of the market price of the Financial Instruments used as the Financial Collateral for the Margin Loan and contact the Bank in the event of the Margin Call situation to receive the Bank's instructions:

29.8.1. to deposit additional cash funds in his/her Cash Account to meet the margin (or a part of the margin), i.e., the difference between the purchase price of the Financial Instruments (or the amount of the provided Margin Loan) used as the Financial Collateral for the Margin Loan and their real value;

29.8.2. to buy additional Financial Instruments or transfer them to the Financial Instruments Account to provide the Financial Collateral. The Bank takes a decision about the measures to be taken to eliminate the Margin Call situation unilaterally, without additional approval by the Client. The Client has to fulfil the Bank's instruction by 12.00 CET (Twelve o'clock Central European time) of the day following the day of the Margin Call;

29.8.3. the Client undertakes to agree with the Bank the actions specified in Clauses 29.8.1 and 29.8.2 hereof.

29.9. If the Client fails to contact the Bank within the same day when the Margin Call situation is registered or fails to fulfil the Bank's instructions by 12.00 CET (Twelve o'clock Central European time) of the day following the day of the Margin Call, the Bank is entitled but not required to restore the balance between the Margin Loan and the Financial Collateral without further notice and/or without approval by the Client by withholding the required amount from the Cash Account and/or the Current Account, or to repay the Margin Loan in full by selling the Client's Financial Instruments used as the Financial Collateral for the Margin Loan.

29.10. If between the moment that the Margin Call situation is registered and 12.00 CET (Twelve o'clock Central European time) of the next day the market price of the Financial Instruments used as the Financial Collateral for the Margin Loan continues to fall, the Bank is entitled but not required to sell the Client's Financial Instruments used as the Financial Collateral for the Margin Loan.

29.11. When calculating the Margin Call, the Bank takes into account the Investment Assets regardless of whether the Margin Loan is issued against the Financial Collateral of the Investment Assets or a specific Financial Instrument, and also takes into account the accrued interest on the respective Margin Loan. At the repayment of the Margin Loan, the available cash funds are used in the following order: to cover the Penalty, if such was calculated by the Bank, to cover interest and to repay the principal amount of the Margin Loan.

29.12. The Bank is entitled at its own discretion, without prior approval by the Client, to decide which of the Financial Instruments and in what order should be sold, regardless of whether the Margin Loan is issued against the Financial Collateral of the Investment Assets or a specific Financial Instrument.

29.13. The Client has to pay the accrued interest on the Margin Loan at the request of the Bank unless the Parties have agreed otherwise but in any case at least once in 6 months by direct debit from the Current Account and/or Cash Account without authorisation. In case the day of debiting the accumulated interest for the provided Margin Loan is a non-working day or a public holiday, the debiting is made on the Working Day after the non-working day or the public holiday.

29.14. The Client pays the interest of 0.05% per day of the total amount payable in case of the Margin Call. The interest payment does not release the Client from the obligation to close the Margin Call situation. The interest is calculated from the day following the day when the Margin Call situation is registered and up to the moment when the Margin Call situation is fully eliminated.

29.15. If the Client submits the Order to the Bank for the provision of the Margin Loan by attracting credit funds from the Counterparty against the Financial Collateral of the Client's Financial Instruments, the Bank may return the Financial Instruments which serve as the Financial Collateral within 3 Working Days from the moment the Client has repaid the Margin Loan.

29.16. If the Client takes the Margin Loan without the indication of its repayment date and the Bank repledges Client's Financial Instruments which serve as the Financial Collateral, according to Clause 6.8 hereof, the Bank may return the Financial Instruments held as the Financial Collateral to the Client within 3 Working Days from the moment of the repayment of the Margin Loan by the Client. This Clause of the Terms and Conditions does not apply to Clients who were assigned private client status in accordance with the Law on Financial Instruments Market of the Republic of Latvia (*Finanšu instrumentu tirgus likums*).

29.17. The Client is liable to the Bank to repay the Margin Loan. The Client shall cover any losses, including accidental losses resulting from force majeure circumstances related to the provision of the Margin Loan to the Client and assumes all risks related thereto. No circumstances, including force majeure, cancel or suspend these Client's obligations.
